

RIDGE Spring 2025 Releases

2023 Estate Chardonnay (Santa Cruz Mountains)

Source: This year stands out as one of the longest and coolest growing seasons in recent years. A drawn out harvest resulted in a wine that preserves varietal character while promoting the mineral and citrus accents typical of the vineyard. After barrel fermentation, the wine spent a further nine months on the lees. Enjoyable now, this mountain-grown chardonnay will evolve over the next eight years. JO (12/24)

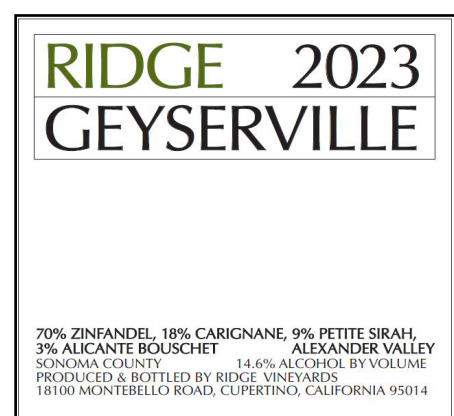

12x750mL \$_____ case price cases

2022 Estate Cabernet Sauvignon (Santa Cruz Mountains)

Source: A dry, mild winter resulted in limited yields, and a warm summer ripened the small crop evenly. On Labor Day, an intense heat wave accelerated ripening for an early harvest. The wine showed appealing fruit and firm tannins. In tasting, the wines most typical of the Estate style were selected. This excellent vintage was barrel-aged for an extended twenty-two months to fully integrate the tannins. Enjoyable now, it will reach full maturity in ten to fifteen years. TG (4/24)

6x750mL \$_____ case price, cases

2023 Geyserville (Alexander Valley)

Source: Heavy winter rains replenished groundwater. Moderate temperatures during the growing season were followed by cooler weather in August and September that pushed harvest late into October. The extended ripening period resulted in a wine with dark fruit and supple tannins balanced by beautiful acidity. Enjoyable now, this classic field blend will continue to evolve over the next ten years. JO (12/24)

RIDGE Spring 2025 Releases

2023 Three Valleys (Sonoma County)

Source: Since its inception, Ridge has focused on single vineyard wines. Three Valleys, a careful combining of parcels from complementary vineyards, is the exception. Moderate summer temperatures allowed the fruit to mature slowly and develop deep flavors for which Sonoma is known. Enjoyable now, this wine will continue to develop over the next five years. SR (6/24)

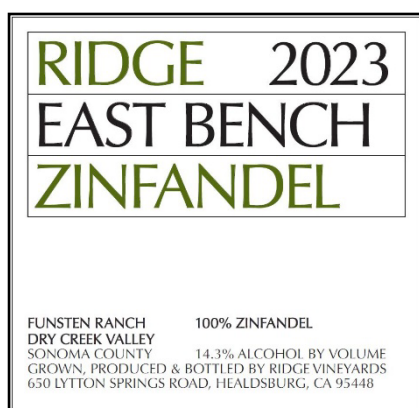

12x750mL \$_____ case price, _____ cases

2023 Paso Robles Zinfandel (Paso Robles)

Source: Since 1967, and our first zinfandel from the Dusi Ranch, it is typically the first vineyard picked, a harbinger that harvest has begun. In 2023, however, despite warm spring weather, cooler summer temperatures persisted through September, resulting in one of the latest harvests here in the last 40 years. This cool weather during ripening did help retain acidity. Fruit forward and sumptuous, this exemplary zinfandel is best enjoyed on release and over the next five years. JO (11/24)

12x750mL \$_____ case price _____ cases

2023 East Bench Zinfandel (Dry Creek Valley)

Source: In 1999, we planted this twenty-acre parcel to zinfandel. As the vineyard has matured, depth and complexity of flavor have increased. After plentiful winter rain, the vines set a full crop. Each parcel was crushed and fermented separately. In blind tasting, seven of the blocks were selected for this wine. A perfect example of both varietal and site, this classic zinfandel will be at its best over the next seven years. SR (11/24)
